ENVIRONMENTAL POLICY

It is the policy of Heasell Electromechanical Services Ltd to do all its business in a way that will lessen or eliminate any adverse effect on the environment.

In order to achieve this, the company will:

- Use all good environmental practices in its day to day operations
- Use material from a sustainable source.
- Use registered waste disposal companies for removal of all waste streams.
- Ensure all company vehicles meet all emission standards.
- Always maintain high standards of cleanliness in respect of litter and waste packaging
- Ensure any cleaning agents used are of biodegradable nature.
- Ensure any chemicals that are used do not present an environmental hazard
- Limit to a minimum and strive to eliminate all emissions to the atmosphere e.g. dusts and carbon dioxide.
- Limit to a minimum the use of electricity and gas supplies and to eliminate any wastage. The general aim is a 20% reduction in the next two years
- Stop the use of any chemicals that have a detrimental effect on the ozone layer.
- Consider all environmental impacts of new equipment or new work undertaken.

MOTOR REWINDS – ON SITE INSTALLATION AND REPAIR – ABB MOTORS AND DRIVES – POWER TOOL SALES AND REPAIRS
ELECTRONIC REPAIRS – PUMP SALES AND REPAIRS.
